Dev4Press

Mission Statement

We create plugins that give you the power to enhance and supercharge your WordPress powered websites and bbPress forums.

About Dev4Press

Dev4Press is a project dedicated to the development of high-quality free and premium plugins for WordPress and bbPress.

The Dev4Press project is part of the **Golden Dragon WebStudio**, small company for web development, primarily WordPress and jQuery, registered in Serbia and owned and run by Milan Petrović. Dev4Press website for premium plugins was launched on **December 15, 2009**, with 3 premium plugins available.

Over the years, the number of Dev4Press plugins for WordPress and bbPress has grown, and currently, we have 17 premium plugins (with addons for some of them) with many free plugins hosted on WordPress.org.

In the recent years, main focus for Dev4Press plugins has been development for bbPress powered forums, and Dev4Press currently features 6 premium plugins (2 of which have free versions on WordPress.org), and 2 completely free plugins.

Dev4Press Plugins

Each Dev4Press plugin has own homepage on the dedicated Dev4Press Plugins website (plugins.dev4press.com). Some of the plugins have support for addons, and they have number of addons released, some free and some premium.

All premium plugins and addons are part of the Dev4Press Plugins Club. All the bbPress related plugins (currently, 6 plugins) are part of the bbPress Plugins Club. GD Rating System Pro plugin and all it's addons, are part of the Rating Plugin Club. Club licenses include significantly lower price when compared to the price of individual plugins.

Milan Petrović

About me

I am Milan Petrović, owner and lead developer of Dev4Press and owner and CEO of **Golden Dragon WebStudio** company. I have formed Golden Dragon WebStudio in early 2009, and at first, I was mostly dedicated to freelance WordPress work and projects for various clients. By the end of 2009, my focus has been slowly shifting towards the Dev4Press project, and today, most of my time is dedicated to Dev4Press plugins, but I still do some freelance work, depending on the free time available.

Working With WordPress

I have started working with WordPress back in 2007, and since 2009, WordPress is the main focus of my work. I have created 50+ premium/commercial plugins sold through Dev4Press and on CodeCanyon, 20+ free plugins available at WordPress.org (not all of them are still available), and over 100 plugins for various clients.

I also have extensive WordPress theme experience, with 2 theme frameworks I developed, one of them still in use with custom-built themes running on Dev4Press. In recent years, I have moved away from themes and focused on plugins only.

Other Projects

bbPress Help Club

bbPress Help Club (<https://bbhelp.club/>) is completely free website for providing help with the bbPress plugin in general. The core of the website is free to evryone 'Ask Question' form that can be used to submit any bbPress related question.

All the answers are available completely free and they include explanations, code snippets and plugin recommendations. The Club blog also provides useful articles and tutorials for bbPress. Website also features plugins directory open to anyone to list the bbPress related plugins for free.
